F U R N I T U R E

Engineered to Endure™

Overview

Dayroom/Dining table and cluster seat combination. "Four-on-the-floor" bolt-down design provides stability without the need for the heavy steel of traditional tables. Engineered and suitable for continuous daily use in an institutional environment.

Fabrication:

Base: The curved member that supports the top has a 10" radius bend to facilitate easy cleaning beneath the table. This curved piece is fully welded to a vertical steel tube that supports the seat. The top of the curved tubes and top of the seat tubes have fully welded 6" x 6" x $^1/_4$" thick steel plates for mounting top and seats. Bottom of seat tube has a fully welded mounting plate inset. For free standing applications, the inset is threaded to accommodate a non-removable, skid resistant, adjustable glide with a $^1/_2$" diameter stem. For bolt-down application, the inset has a hole for the fully enclosed tamper-resistant bolt-down system. Made in the U.S.A.

Material:

Base: 2 $^1/_2$" diameter, 14 gauge steel tubing.

Rectangular Stainless Steel Tops: 12 gauge with a 1 $^1/_2$" drop edge and reinforcing channels. Four threaded inserts for each leg. Steel - baked on factory applied epoxy powder coated finish. Stainless Steel - type 304.

Round Stainless Steel Top: 10 gauge, type 304 stainless steel with a 1 $^1/_2$" drop edge. Four stainless steel studs welded to the underside for attaching each leg.

Stainless Steel Quietcore® Top: Durable 18 gauge stainless steel top surface wrapped around sound deadening particle board core with embedded T-nuts. 1 $^1/_4$" edge profile.

Super Slammer Stone® Seats: 13" diameter high density color impregnated compression molded composite that is highly scratch and stain resistant. Four molded-in threaded inserts for superior metal-to-metal connection.

Stainless Steel Seats: 12" diameter one piece formed of 14 gauge steel with a 1 $^1/_2$" drop edge. Stainless steel mounting studs.

Environmental Test Standards:

GREENGUARD and GREENGUARD Gold Certified by UL Environment. Product certified for low chemical emissions to UL 2818. UL.COM/GG.

Color:

Base: Grey.

Stainless steel: #4 finish

SlammerStone Seat: Wild Berry, Meadow, Pine Cone, Mojave, Lagoon, River Rock, Canyon, Sea Spray, Raven.

Options:

Clear PVC leg protectors. Glides on Quietcore® top option only. Game tops (GT): Checkerboard available on Stainless Steel tops.

Assembly:

Secure legs to top. Attach seats.

Installation:

Fasten to floor. No installation required on free standing models. Concealed concrete expansion anchors included with bolt to floor option.

Warranty:

5 year limited replacement warranty.

Maintenance / Cleaning Procedures:

Recommend using Norix Cleaning Solutions, specifically formulated for extended care of Norix products. Norix Cleaning Solutions' Stainless Steel Cleaner (S) Seats: Clean, Restore and Protect with Norix's 1-2-3 Care System for Molded Furniture.
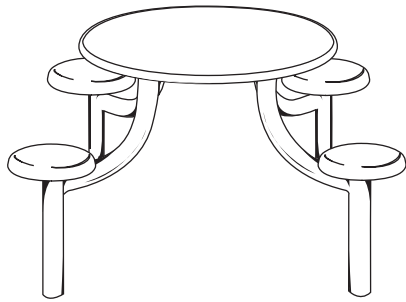

Performance Test Standards:
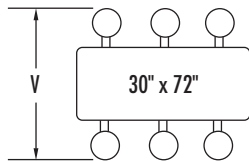

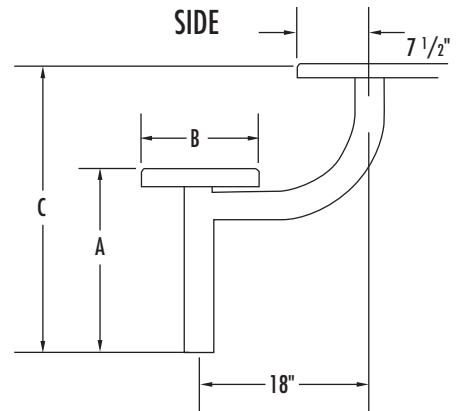

Product tested to 1,000 lbs. static load.

Filing System:

12600 Institutional Furniture
11197 Correctional Furniture
