

THIS OR THAT?

OWL

Square and round shaped nooks available. Available with or without cubby storage. No back panel.

ROBIN

Square and rectangular shaped nooks available. Available with or without cubby storage. Back panel is standard for use against a wall.

ORIOLE

Rectangular openings with tapered cushions for unilque shaped nook. Cubby storage comes standard. No back panel.

3/4" engineered wood with high pressure laminate on both faces; exposed edges are banded with 3mm PVC with edges and corners radiused 1/8". The bottom of the end panels has non-marring adjustable height glides installed.	1" engineered wood with high pressure laminate or thermally fused laminate on both faces; exposed edges are banded with 3mm PVC with edges and corners radiused 1/8". The bottom of the end panels has non-marring adjustable height glides installed.	END PANELS	All vertical panels are 1" engineered wood with high pressure laminate or thermally fused laminate on both faces; exposed edges are banded with 3mm PVC with edges and corners radiused 1/8". The vertical panels use mechanical fasteners to secure them to top, back and base panels. The bottom of the end panels has non-marring adjustable height glides included.
The top panel is 3/4" thick engineered with high pressure laminate faces. The edges are banded with 3mm PVC. The top is attached with mechanical fasteners.	The top panel is 1" thick engineered with high pressure laminate or thermally fused laminate faces. The edges are banded with 3mm PVC. The top is attached with dowels and mechanical fasteners.	TOP	The top panel is 1" thick engineered with high pressure laminate or thermally fused laminate faces. The edges are banded with 3mm PVC. The top is attached with dowels and mechanical fasteners.
No back panel. Can be used against a wall or in the middle of a book run.	The back panel is 1" thick engineered with high pressure laminate or thermally fused laminate face on the exposed side. Made for use against a wall.	PANELS	No back panel. Can be used against a wall or in the middle of a book run. Valance panels are 3/4" thick engineered with high pressure laminate or thermally fused laminate faces. Valance panels wrap around the top and vertical sides of both faces of the assembly.
High pressure laminate only.	High pressure laminate and thermally fused laminate.	AVAILABLE MATERIALS	High pressure laminate and thermally fused laminate.
Available with or without base cubby storage. The toe assembly is built from 1" thick engineered wood with high pressure laminate faces. The assembly is fastened to the vertical panels using cabinet screws.	Available with or without base cubby storage. The toe assembly is built from 1" thick engineered wood with high pressure laminate or thermally fused laminate faces. The assembly is fastened to the vertical panels using cabinet screws	BASE/TOE	Base cubby storage is standard on all units. The toe assembly is built from 1" thick engineered wood with high pressure laminate or thermally fused laminate faces. The assembly is fastened to the vertical panels with bolts into metal inserts.
Cushions are high density 2.3/60 or 2.8/60 foam core based on design needs. Fabric cover is wrapped and sewn using single needle top stitch on all seams. Cushion has built-in bottom panel to secure fastening hook and loop strips so cushions can be removed to be cleaned.	Cushions are high density 2.3/60 or 2.8/60 foam core based on design needs. Fabric cover is wrapped and sewn using single needle top stitch on all seams. Cushion has built-in bottom panel to secure fastening hook and loop strips so cushions can be removed to be cleaned.	CUSHION	Cushions are high density 2.3/60 or 2.8/60 foam core based on design needs. Fabric cover is wrapped and sewn using single needle top stitch on all seams. Cushion has built-in bottom panel to secure fastening hook and loop strips so cushions can be removed to be cleaned. Bottom cushion is 2"th and tapered side cushions taper from 7" to 3", bottom to top.
Round & Square openings	Square & Rectangular openings	SHAPES	Rectangular openings with tapered cushions.
48"H & 60"H	48"H, 60"H & 72"H	HEIGHTS	54"H
