Flowform® Modular Seating

Flowform Modular 90 Degree Wedge

MODEL#: 55064, 55072

OVERVIEW

Flowform modular seating can be formed with infinite combinations, allowing it to be the perfect solution for seating needs in any environment. Optional ganging devices allow all units to mate together, creating larger complex shapes.

MATERIALS

The structure is constructed of a plywood frame which is made from Sustainable Forestry Initiative (SFI) certified responsible wood sources. The seating pad is made from high density foam meeting CAL 117 standards and contains no added flame retardant chemicals. Adjustable glides and two casters allow the piece to be wheelbarrowed for easy maneuverability.

The fabric is Designtex 100% vinyl, phthalate free, with a Polyester backing. Highly durable with a 1,000,000 Wyzenbeek double rub (CD) rating. The fabric is easily cleanable with a 10:1 Water: Bleach mixture.

WEIGHT CAPACITY: 2 users up to 550 lbs
